

Indoor Worship Procedures During Coronavirus

Please read each time as procedures may have changed

Please feel free to join indoor worship if you:

- Are free of coronavirus symptoms
- Have not traveled to a heavy-virus zone in the past two weeks, or been exposed to someone known to have the virus
- Have registered via Sign-up Genius
- Have read the following description of indoor worship procedures

In advance of indoor worship

- Print out a bulletin at home or bring an electronic device, if you like. The order of service will be projected on the screens.
- Pack masks for everyone attending worship with you.
- Leave home early to allow extra time so that you can be seated and ready to worship by 9:30 AM. Ushers will begin seating people at 9:00 AM.

Arriving for Indoor worship

- Park on the upper level and enter through the canopy doors.
- Wear your mask. (If you forget your mask, one will be provided for you.)
- Proceed to the Worship Center. Sit where an Usher directs you, safely physically distanced from others beginning at the front of the Worship Center. Thank you for your flexibility because you may not be able to sit in your usual spot.
- Note that extra distanced seating is available for those who are medically sensitive or over 65 in the two front outside sections of the Worship Center. Ask an Usher about this accommodation.
- Note that receptacles for your tithes and offerings are located by each entrance to the Worship Center.
- Remember there is no Children's Worship or Nursery care. A designated area is open for nursing mothers of non-mobile infants in the Nursery/Toddler 1 area.

During in-person worship

- Cough into your elbow or exit the room if you have a coughing spell.
- Limit movement and use restrooms only if necessary. Parents must accompany young children. Keep your children with you and properly physically distanced at all times.
- Do not sit in the Atrium.

After worship

- Exit as directed by the Ushers.
- Visit with others outdoors, properly physically distanced.

Additional Information of Interest

- Hand sanitizing stations will be set up for use before and after service.
- Bathrooms are cleaned and disinfected before service.
- Drinking fountains, food and drink will return in the future.
- Seating arrangements will accommodate a 6' physical separation between individuals, couples or families.

Important Knox Parking Information

When you arrive at Knox Church, you'll notice that areas of both lower and upper parking lots, and some sidewalks have been roped-off (yellow rope with yellow flags) to prevent people from parking or walking in these areas. Because activities at Knox are currently limited, there is reduced need for parking spaces. In order to reduce snow and ice removal expenses, Knox will not provide winter care for these restricted areas. For your safety, please do not attempt to park or walk in these areas.

Thank you for your assistance in reducing ice and snow removal expenses, and keeping everyone safe from slip and fall injuries.
